<p>F 0725</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Some</p>	<p>On 5/17/23 2:11 pm, V2 (Director of Nursing, DON) stated that V2 and V15 (Assistant Director of Nursing, ADON) have been working together since April 2023 to ensure that there is enough nursing staff scheduled and working in the facility. V2 stated, I (V2) do play role to ensure we have enough staff. V2 stated that for the 11:00 pm to 7:00 am shift, the facility staffs for 5 nurses for the 2nd, 3rd and 4th floors, and We can't always meet that. V2 stated that for CNA staff for the 11:00 pm to 7:00 am shift, V2 stated that V2 staffs 2 CNA's per floor (2nd, 3rd and 4th floors). V2 stated, It's a challenge. This surveyor showed V2 the 5/5/23 and 5/12/23 daily nursing schedules with only 1 CNA working in facility on the 11:00 pm to 7:00 am shift. When asked how safe and adequate care can be provided to all residents in the facility with one CNA working the shift, V2 stated, I (V2) don't have an answer for that. V2 stated that V2 was not aware of these dates with only one CNA working in the entire facility. V2 stated that V14 (Evening Supervisor, Registered Nurse, RN) had the staffing phone for those dates. V2 stated that the facility uses no agency staff to supplement when staff call from work.</p> <p>On 5/17/23 at 3:53 pm, V15 (ADON) that V15 was filling in to assist with the staffing coordinator duties in the facility since April 2023 and that the new scheduling coordinator (V18) just started in the facility this week (of 5/15/23). V15 stated that for the 11:00 pm to 7:00 am shift, we are slotted for 5 nurses. V15 stated that for the 11:00 pm to 7:00 am shift, V15 staffed 2 CNA's on each floor (2nd, 3rd and 4th floors). V15 stated that the supervisor (V14, Evening Supervisor) would be responsible for handling call offs before the night shift and is to notify V15 of staffing call offs. This surveyor showed V15 the 5/5/23 and 5/12/23 daily nursing schedules with 1 CNA working in facility from 11:00 pm to 7:00 am. When asked can safe and appropriate care be provided to all residents in facility with one CNA, V15 stated, No ma'am. I (V15) have never known anything about this. This could affect patient care really bad. We have to do patient care. (V14) didn't call me (V15).</p> <p>On 5/18/23 at 8:08 am, V14 (Evening Supervisor, RN) stated that as the evening supervisor, V14 is responsible for the staffing of nurses and CNAs in the facility for the 11:00 pm to 7:00 am shifts as V14 works as the supervisor on Monday through Fridays from 7:00 pm to 7:00 am. V14 stated that V14 was alternating with the V15 with the staffing phone and would handle call offs from staff for the night shift. V14 stated that V14 text V2 and V15 with the staff from 11:00 pm to 7:00 am that would call off and will then adjust the schedule or find a replacement. V14 stated, For a long time, we had 1 nurse across the floors, and it was doable. It was until just recently as the acuity and census is up, we are putting 2 nurses on the 2nd floor with the biggest need for 11:00 pm to 7:00 am shift, and 2 nurses on the 4th floor if available, so 2-1-2 (2 nurse on 2nd floor, 1 nurse on 3rd floor, 2 nurses on 4th floor). When asked about the staffing numbers for CNAs on the 11:00 pm to 7:00 am shift, V14 stated, I (V14) try to get 2 CNAs across all floors. Sometimes on the 3rd floor with more independent residents, I (V14) will put 1 CNA if I can't find a 2nd CNA. V14 stated that for the 11:00 pm to 7:00 am shift, I (V14) have 5 CNAs scheduled with the worst-case scenario being 4 CNAs. I staff with 2 CNAs on the 2nd floor which is the heaviest and then 2 CNAs on the 4th floor with dementia, incontinent residents. When asked if there has been a date when 1 CNA is working for 11:00 pm to 7:00 am shift for the entire facility (all 3 floors), V14 stated, That's not good. It's happened. When asked about the daily nursing schedules with 5/5/23 and 5/12/23 with one CNA listed working in the entire facility, V14 stated that V14 couldn't remember which specific dates when there was only one CNA working 11:00 pm to 7:00 am, but they were rough days.</p> <p>(continued on next page)</p>
