F 0600  Level of Harm - Immediate jeopardy to resident health or safety  Residents Affected - Few	Continued observation, on 12/03/2021 at 10:50 AM, revealed CNA #96 brought Resident #410 to the dining room, where Resident #69 was located, to eat his/her snack. CNA #96 sat down at a table with Resident #410 while he/she consumed the snack. Observation revealed Resident #69 continued to place stickers on the dining room windows, but stopped briefly to walk over to the table where Resident #410 was sitting. Resident #69 was observed to say something to Resident #410; however, the State Survey Agency (SSA) Surveyor was unable to hear the resident's comment. Observation at that time, revealed Resident #410 answered in response to Resident #69's comment, I am old. Additional observation revealed the Activity Aide immediately came to Resident #410's table to redirect Resident #69 back to the decorating activities.  1.(b) Review of Resident #410's clinical record revealed the facility admitted him/her on 11/19/2020 with diagnoses that included Cognitive Communication Deficit; Cerebral Infarction, Unspecified; [NAME] Matter Disease, Unspecified; Recurrent Major Depressive Disorder, Unspecified.  Review of Resident #410 Comprehensive Care Plan revealed Foci dated 07/28/2021, 08/26/2021 and 09/24/2021. Further review revealed the facility assessed that Resident #410 did not have the capacity to consent to sexual activity. The goal was documented as Resident #410 would express feelings, as needed. The intervention was to allow the resident time to express his/her feelings.  Review of Resident #410's Quarterly MDS Assessments dated 01/27/2021, 04/29/2021, and 07/29/2021, and the Annual MDS assessment dated [DATE], revealed the facility had assessed the resident with a BIMS score of six (6) which indicated severe cognitive impairment. Further review revealed the facility had not assessed Resident #410 to display sexually inappropriate behaviors.
