<p>F 0562</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Some</p>	<p>-The resident shall be permitted to communicate, associate, and meet privately with persons of his/her choice whether on the resident's initiative or the other person's initiative, unless to do so would infringe upon the rights of other residents.</p> <p>During interview on 3/8/22 at 2:40 P.M., Resident #33 said there was no telephone for residents who resided on the 900 hall to use, they shared a phone with residents on the 800 hall (the 800 hall and the 900 hall are separate secured units). They could never use the shared phone because it was always located on the 800 hall and the battery on the phone was dead.</p> <p>During interview on 3/8/22 at 4:23 P.M., Resident #56 said he/she relied on the facility's phone system for means of communication with his/her family. He/She was unable to speak with his/her family because when his/her family members called the facility, the facility staff would not answer the phone.</p> <p>During interview on 3/8/22 at 11:00 A.M., Resident #40's guardian said the following:</p> <p>-He/She had spent days trying to get through to the facility at times;</p> <p>-The phone would ring endlessly with no answer;</p> <p>-If staff happened to answer the phone and transfer the call, either a voicemail would come on saying he/she could not leave a message as the voice mail box was full or the phone would simply continue to ring;</p> <p>-He/She should be able to reach residents and staff for questions, concerns or just to visit when needed.</p> <p>During interview on 3/16/22 at 11:30 A.M., Resident #24's and Resident #30's guardian said he/she sometimes had difficulty communicating with the facility, because he/she could not get hold of any one via phone. There were some weeks when no one would answer the facility's phone.</p> <p>During interview on 3/8/22 at 9:40 A.M., the Business Office Manager said he/she had spoken with a company to ensure all incoming telephone calls went to the front office from 6:30 A.M. to 11:00 P.M., and after 11:00 P.M., the calls were sent to the units. They were also attempting to make sure voice mail boxes were not full, and if no one picked up after a transfer, the call would return to the reception area. He/She knew there had been a problem lately when a call was transferred to a unit.</p> <p>During interview on 3/8/22 at 6:00 P.M., Certified Medication Technician (CMT) P said the following:</p> <p>-He/She worked the front reception area in the afternoons;</p> <p>-He/She received a lot of complaints from families who said they had tried to get through all day;</p> <p>-He/She knew the voice mails on the units would say they were full, and the facility was supposed to be working on that.</p> <p>(continued on next page)</p>

He/She hoped this would help with people being able to contact the facility. A cell phone had been placed on units where there were no phones. The 800 and 900 halls shared a cell phone, and 100, 200, and 300 all have working phones.</p> <p>During interview on 3/15/22 at 2:40 P.M., the administrator said the facility was having problems with the telephone system. The phones system was all messed up. The telephones were not ringing and staff were not able to access their voice mails to retrieve messages. The phones were pretty much behind locked doors (did not indicate a location of these phones). Phones may not even ring. They were training the receptionist to call the requested unit to alert them of an incoming call prior to the transfer so the unit was aware there was a telephone call. He/She had been working with the phone company and trying to get corporate to get a different format for three months. The receptionists had reported they had had complaints from people trying to reach the facility. Guardians, families and physicians should have immediate access to their residents.</p> <p>MO197303</p>

<p>F 0600</p> <p>Level of Harm - Immediate jeopardy to resident health or safety</p> <p>Residents Affected - Some</p>	<p>During an interview on 12/10/21 at 8:45 A.M., the administrator said an anonymous resident informed her on 12/9/21 he/she saw Hall Monitor A handing out methamphetamine to residents in the hang out (a supervised enclosed open aired area where residents smoked and socialized)) court yard and saw Resident #3 shoot up a drug in his/her room. Staff immediately started assessing and interviewing residents who lived on the locked men's and women's behavioral units. Residents' guardians and physicians were notified. Permission was obtained for room searches and drug testing. Multiple residents were tested and nine residents (Resident #1, #2, #3, #4, #5, #6, #7, #8, and #9), tested positive for methamphetamine. Drug paraphernalia was found, but no drugs of any kind were found. On 12/9/21, a drug dog came to the facility and no additional drugs were located. All nine residents who tested positive for methamphetamine were sent to the emergency room for evaluation and had returned to the facility. Multiple residents identified Hall Monitor A as the person who had sold them methamphetamine on multiple occasions and delivered the drug to the facility over the previous weeks. Residents showed the administrator multiple text messages between residents and Hall Monitor A. She interviewed Hall Monitor A on 12/9/21 when he/she came to work at 3:30 P.M. Hall Monitor A said he/she brought the methamphetamine into the facility in his/her pocket. Hall Monitor A said he/she went out to his/her car on break during the evening shift, obtained the packets of methamphetamine from his/her car, and passed the packets of the illegal drug out to the residents in the hang out court yard while the residents were on smoke break. The residents had paid him/her between \$10.00 and \$50.00 for each delivery. Hall Monitor A said he/she was aware he/she was not supposed to provide any drugs to the residents including methamphetamines. During the investigation the administrator learned Floor Maintenance Staff B also sold residents methamphetamines and delivered the illegal drug to the facility. Both Hall Monitor A and Floor Maintenance Staff B were suspended and would be terminated.</p> <p>Review of the text messages from Resident #2's telephone, acquired, verified, and provided by the facility on 12/10/21 showed the following conversations in part:</p> <p>-At unknown date or time: Hey (first name of Hall Monitor A) this is Resident #1 and Resident #2 told me to text you as he/she made me aware that you are willing to make the same deal with us that you made last night, but you would first have to go pick it up and then drop it back off here. All I need you to do before you do the drop off here is you should stop by a fast food restaurant and buy a cheap meal that doesn't have to be nothing major and that will be your excuse and your way to enter back into the building. If asked any questions or stopped by anyone your excuse will be that you're dropping off a meal to a resident who asked you right before you clocked off;</p> <p>-11/20/21 at 12:12 A.M. response from Hall Monitor A (the response included Hall Monitor A's identification picture and full first name): I get what your are saying and that's quite smart. I don't think I will be able to get back out tonight. Are you gonna be up later I was kinda wanting to talk to you about an idea I was thinking about or you could add me on Facebook yourself and we can talk there;</p> <p>-11/20/21 at 1:46 A.M. response from Resident #1: I truly understand. I'm about to send you a friend request right now;</p> <p>-11/20/21 at 2:40 P.M. from Hall Monitor A: I have been waiting all day to get more; the person was asleep till 11 this morning and then they didn't have enough so they had to go to the city to re-up. But he/she should be back in town before I take my break;</p> <p>(continued on next page)</p>

At 8:05 P.M.: did you get it?;</p> <p>-11/21/21 at 8:18 P.M. from hall Monitor A: Yeah I got it, but was thinking about how much I owe you it wasn't as much as I said yesterday, but I got you a nice chunk;</p> <p>-Response from Resident #2's telephone was 67;</p> <p>-11/24/21 at 10:25 P.M. from Hall Monitor A: I don't know if I'll be able to bring it in after I get it cause it takes forever for someone to answer the front door to let anyone in. And I have to be home shortly. I can bring it tomorrow when I come in for sure;</p> <p>-11/24/21 at 11:11 P.M.: This is (part of Resident #1's first name). I have a little plan we can try to make it work out, but if it don't then it don't. I am either going to have someone meet you at the front but put it in a cigarette box with 2 cigs left with tissue in it too to take up the rest of the space;</p> <p>-Response from Hall Monitor A: My [NAME] is not any good he/she got arrested. If you want you can send the 20 back;</p> <p>-Response from Resident #2's telephone: No hold on to it;</p> <p>-11/25/21 at 2:01 P.M. from Resident #2's telephone: Could you send that 20 to (part of Resident #1's name) cash app;</p> <p>-12/1/21 at 2:14 A.M. M. to 4:00 P.M. till 11:00 P.M. and if so I was wondering if you can front me a 20\$ play until I get paid on the 3rd of December. I will keep my promised word and pay you back with interest around that time frame. I just want to chill by myself tonight while enjoying the pleasure of relaxing and giving. I promise I will have you money returned to yo no later than the 3rd;</p> <p>-11/26/21 at 1:37 P.M. and at 1:41 P.M. Hall Monitor A's first name missed your call;</p> <p>-11/26/21 at 3:01 P.M. from Hall Monitor A: My bad just woke up like 30 minutes ago. I would if I had it or if I had the money to buy some but I'm broke and spent my last bit of money I could last night to get you all right from last night;</p> <p>-11/26/21 at 3:29 P.M. from Resident #1's telephone: I have a way we could both come out on top. I understand you don't have the money to even spend on yourself to scratch your itch, but I do have a way that I can pay for your fun and my fun as we split the product in 2 ways. I'm still putting moves into play to hustle up enough cash that will make it possible to help me and you out. Do you work today;</p> <p>-Response from Hall Monitor: Yeah I'm at work today;</p> <p>-Response from Resident #1's telephone: Are you already here in the hang out?;</p> <p>-Response from Hall Monitor A: Yes, but I would wait until later to come when no higher ups are here;</p> <p>-11/26/21 at 4:21 P.M. from Resident #1's telephone: Okay sounds like a plan. Just hit me up when they leave. We ain't gotta rush anything. I'm just still trying to make your ends and my ends match and worth the money;</p> <p>-Response from Hall Monitor A: I hear you and will do;</p> <p>-11/26/21 at 4:54 P.M. from Resident #1's telephone; Do you already have it or anything with you cause if so I got 10 in cash for you right now plus my older brother is sending me a 20 later and I'm bringing that to you when he does right before you clock off. I promise to send an extra 15 on the 3rd for interest;</p> <p>-Response from Hall Monitor A: I don't have anything, because I have to pay for it before I get some. I can't keep on doing it after work. But I do get to take a break today after dinner;</p> <p>-Response from Resident #1's telephone: Okay. I understand and I don't wanna add pressure placed upon you by making you feel rushed but what time do you think you will have the dining room cleaned and everybody fed. Because if you have your duties done before or around 5:30 or close to 6:00, I was going to bring the 10 in cash I got for you and send the 20 my brother is sending me to you so I know how late it will be by the time you drop it off;</p> <p>-11/26/21 at 5:59 P.M. from Hall Monitor A: We are all done serving and about done cleaning. Resident #2 and first name of Resident #6 and I will have your money handed back to you Friday on the 3rd when my check hits;</p> <p>-12/3/21 at 11:29 P.M. from Hall Monitor A: I'm here;</p> <p>-12/4/21 at 12:27 A.M. from Resident #1's telephone: [NAME] (first name of Hall Monitor A) I truly appreciate you if I never told you that before but I'm just being honest;</p> <p>-12/4/21 at 4:19 A.M. from Resident #1's telephone: I'm just really looking out for you cause I care and one last thing the leads are talking about doing an environmental through the while facility by next week so be smart;</p> <p>-Response from Hall Monitor A: Thanks for the heads up, But could you possibly explain what all is searched in an environmental? I wouldn't ask but I've never watched them do one;</p> <p>-12/4/21 at 6:04 A.M. from Resident #1's telephone: Me, and (two residents listed by first name) are all talking about how we should prepare for this environmental. They will be probably even search you too at a high rate, but NO they cannot physically search you by patting your body down cause they are not police. But still, keep all your shit put up in our car if you do bring anything. Just know the environmental will happen at an unexpected time;</p> <p>-Response from Hall Monitor A: Oh you are good. Oh okay, I don't know if you know or not, but in the paperwork during orientation it states that they can search vehicles as well as long as they are on the premises;</p> <p>-12/4/21 at 5:12 P.M. from Resident #1's telephone: To be honest I truly don't even think that's even legal for more than one reason. First off say they search your car without police on the scene which now they have easy access to plant drugs on you, or even steal some of you belongings but point blank period no they can't search your car that's illegal action. They must call police to make that move and even after that the police can't search your car without probable cause;</p> <p>-12/4/21 at 5:46 P.M. from Hall Monitor A: True true I get what your' re saying and see where you're coming from. Yes they would have to have probable cause, but not if they get a warrant;</p> <p>-Sunday at 7:09 P.M. (no date) from Resident #1's telephone: I'll just wait to see if you can get the ten or 50 fronted and by the time you get back I'll have your money waiting right here but it may even be sent to you before you even make it back;</p> <p>-Sunday at 9:07 P.M. (no date) from Resident #1's telephone: I'm sitting here in a friend's room trying to let my phone charge and use his hotspot at the same time. I'm also sitting here thinking about you. I came up with a plan on how to save you and me to end this whole thing for us. Just do me this last favor. (Resident #2's first name) had \$10.00 sent to my cash app and I got 50 about to hit my account. When you go to your plug, have him/her put the 10 and the 15 in separate bags that way Resident #2 won't know how much I got and will have his/hers to him/herself so if he/she smokes all his/her shit up that's on him/her, but he/she can't come to ask me for none. After that as far as you this will be your escape route, because you made me feel your pain which made me feel that this is my last rodeo and this will be your last trip;</p> <p>(continued on next page)</p>

(no date) from Resident #1's telephone: Just make sure you fall back after tonight and please don't fall back into it. If you even consider it just trust me when I say let a week maybe even a week and a half go by first before you even decide weather you want continue to start doing business with anyone again. But if you do choose to start back up on making fast and easy money keep a smaller circle because truthfully I'm hearing but also already knowing that residents are moving too fast and sloppy as well letting other residents into their business. One resident brought more drama into the game and is truly the reason behind how (Resident #3's first name) found out you are the one supplying.</p> <p>1. Record review of Resident #1's Preadmission Screening and Resident Review (PASRR) (a screening tool used to ensure appropriate placement of persons known or suspected of having a mental impairment, serious mental illness and/or intellectual disability/developmental disability. The screening assured appropriate placement of persons known or suspected of having a mental impairment and also that the individual needs of mentally impaired persons could be and were being met in the appropriate environment) dated 2/19/21 showed the following:</p> <p>-Psychiatric diagnosis of bipolar affective disorder (mental illness that caused severe mood swings with associated psychotic behaviors) severe with psychotic features, depressive disorder (severe mental illness with extreme sadness and depression), antisocial personality disorder (mental illness characterized by disregard for other people), schizoaffective disorder (mental illness with delusions and hallucinations), and anxiety disorder;</p> <p>-Intellectual disability with severe methamphetamine use and cannabis (marijuana, a psychoactive drug that can be smoked, eaten or vaped and could affect mental health) abuse;</p> <p>-Positive for use of heroin (an illegal drug made from opium poppy plants used by injecting, snorting or smoking), cannabis abuse and methamphetamine use;</p> <p>-Became more difficult to manage by family at home. The residents displayed verbal and physical behaviors directed toward other residents on multiple occasions. Facility staff identified Resident #23 had anger issues and bullied other residents, including Resident #24, and failed to adequately develop and implement meaningful interventions, including non-pharmacological interventions, alternate strategies, or to ensure the residents received timely and appropriate treatment or services to address the residents' psychosocial well-being before verbal and physically aggressive behaviors occurred. Resident #24 expressed he/she had enough of Resident #23's bullying behavior and decided to stand up for himself/herself (which resulted in additional physical and verbal altercations between the residents). Residents #3 and #18 were involved in two verbal and physical altercations while Resident #3 was on one-on-one direct monitoring. Staff were pulled from all departments, including dietary and housekeeping to sit with residents who experienced behaviors. These staff were not familiar with the residents' history or behavior in order to deescalate behaviors. The facility census was 176.</p> <p>Review of the facility's [NAME] of Focus Program: An Accountability and Responsibility System. <p>F 0742</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Few</p>	<p>-He/She significantly disrupted care/living environment.</p> <p>Review of the resident's behavioral progress note, dated [DATE] at 8:34 P.M., showed the resident remained two-on-one (two staff to one resident) monitoring for protective oversight. He/She continued to show increased agitation and displayed difficult-to-redirect behaviors and a threatening manner. Charge nurse conferred with facility administration as well as physician and responsible party. Orders received to send the resident to the hospital for psychiatric evaluation. Facility believed the resident required acute physician and medication evaluation</p> <p>Review of the resident's medical record showed no documentation a care plan was developed at this time to address the resident's behaviors.</p> <p>Review of the resident's behavioral progress note, dated [DATE] at 11:05 A.M., showed staff met with the resident concerning behavior earlier while he/she was in the Hangout (a common area in the facility for residents to socialize and participate in activities). The resident reported that a peer called him/her a bitch, and he/she became upset and swung the door open hard. The door hit a peer, but it was not his/her intention to hit the peer. He/She was just upset and angrily swung it open. The resident was educated on appropriate behaviors and Hangout expectations. The resident verbalized understanding. The resident may return to the Hangout on [DATE].</p> <p>Review of the resident's behavioral progress note, dated [DATE] at 12:21 P.M., showed the resident was yelling in the hall and was destroying peers' art hanging on the doors. He/She was taken to the administrator's office to discuss positive coping skills and goals. He/She was aggressive and threatening to attack peers when he/she had the chance due to his/her feeling that some peers were favored. The physician ordered as needed (PRN) Ativan (antianxiety medication) injection. Once the resident was able to remain calm, he/she requested to FaceTime (video call via an electronic device) his/her family member once or twice a week to help him/her cope. Staff ensured he/she would be able to do so. He/She was sent back to the hall with zero concerns.</p> <p>Review of the resident's care plan, initiated on [DATE], showed the following:</p> <p>-He/She may attend the Hangout;</p> <p>-On [DATE], the resident was suspended from the Hangout. The resident swung the door and struck peer on the knee. The resident verbalized the action was not on purpose, but peer reported the resident intentionally struck him/her.</p> <p>Review showed no documentation interventions were developed to address the resident's behaviors on [DATE]. Further review showed no documentation of the resident's behaviors on [DATE] and interventions to prevent further incidents, including FaceTime with his/her family member to help him/her cope. Review showed no documentation of a plan to ensure the resident would be able to FaceTime his/her family member twice a week as staff told him/her would be done (per the resident's request).</p> <p>(continued on next page)</p>

<p>F 0742</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Few</p>	<p>Review of the facility's Registered Nurse Investigation (RNI), dated [DATE], showed Resident #24 and Resident #23 purchased a vape (electronic cigarette) by splitting the cost with the agreement that Resident #23 could hit the vape (inhale the electronic cigarette) anytime he/she wanted to. When Resident #24 became irritated with Resident #23 for coming into his/her room and hitting the vape, he/she asked Resident #23 to back off and give him/her a minute. Resident #23 went in the hallway and words were exchanged between the two residents. Staff began to redirect both residents and told them the situation would be handled and administration would be notified. The residents continued exchanging words and a code green (behavioral emergency) was called to the unit. Resident #24 ran down the hall charging at Resident #23. Staff stepped in front of Resident #23 and stopped Resident #24 from striking Resident #23. While staff focused on keeping Resident #24 from striking Resident #23, Resident #23 went behind the staff and swung and struck Resident #24. Resident #24 fell backwards and hit his/her head on the floor. As additional staff arrived, the residents were separated. Resident #24 was sent to the hospital emergency room for evaluation and treatment related to hitting his/her head. Conclusion of the investigation showed Resident #23 became loud and upset when Resident #24 asked him/her to wait to use their mutual vape. Resident #24 gave Resident #23 the vape, but Resident #23 continued to talk loudly about the situation. Due to Resident #24 initiating the altercation, he/she was placed on one-on-one observation until he/she was sent for a psychiatric evaluation per physician's orders.</p> <p>Review of Resident #23's care plan, updated [DATE], showed the resident could not return to the Hangout until he/she met with the administrator due to borrowing/selling/trading, and a physical altercation with his/her peer (Resident #24). Review showed no interventions, other than suspending the resident from the Hangout (revoking a privilege), were implemented to address the resident's behaviors on [DATE].</p> <p>Review of Resident #24's care plan showed on [DATE], he/she charged after peer and attempted to attack the peer. While staff were attempting to keep the resident from making contact with peer, peer struck resident which caused resident to lose his/her balance, fall backwards, and strike his/her head on the floor. A code green was called and residents were separated. The resident was sent to hospital for medical evaluation and later sent to another facility for psychiatric evaluation. (Review showed no interventions were added to the care plan to address the resident's behavior).</p> <p>Review of Resident #23's progress notes, dated [DATE] at 8:02 P.M., showed the resident provoked peers on his/her hall throughout the day, causing staff to intervene and redirect multiple times. The charge nurse was on the hall and heard the resident cussing at peers and threatening to drag [NAME] and telling peers to get the fuck down the hall. Charge nurse intervened, situation was deescalated, peers were separated, and the administrator was notified of the resident's behaviors.</p> <p>Review of resident's record showed no documentation staff attempted to identify the root cause of the resident's behavior and implement interventions to address the resident's behavior.</p> <p>Review of the resident's care plan, initiated on [DATE], showed the following:</p> <p>-He/She had manifestations of behaviors related to his/her mental illness that may create disturbances that affect others. Behaviors included talking loudly, being rude to both staff and peers, and exhibiting verbal and physical aggression toward peers;</p> <p>-Desired outcome was to minimize episodes of inappropriate behaviors that could affect others;</p> <p>(continued on next page)</p>

<p>F 0742</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Few</p>	<p>-On [DATE], a peer became upset when he/she was talking loudly and rude towards staff and peers. While staff were redirecting and educating the resident on appropriate behaviors and unit rules, peer walked in room behind staff and struck resident (date initiated [DATE]);</p> <p>-On [DATE], the resident broke unit rules by purchasing a vape with a peer (Resident #24) to share. He/She became upset when peer didn't honor their agreement. Peer charged at resident while staff were focused on keeping peer from hitting resident. The resident took the opportunity to strike peer. The residents were separated. (date initiated [DATE]);</p> <p>-Interventions added on [DATE] included to administer and monitor medications as ordered, give positive feedback for good behaviors, and pharmacy consultant would review medications monthly and as needed (PRN). Review showed no further interventions documented to address the resident's verbal and physical aggression toward other residents.</p> <p>-The care plan did not direct staff to suspend or revoke use of the Hangout to modify behaviors.</p> <p>Review of the resident's behavioral progress note, dated [DATE] at 6:05 P.M., showed the resident was yelling and threatening peers. Staff attempted to redirect. The resident went in his/her room for a short amount of time, but opened the door and yelled at the charge nurse, why don't you stop worrying about who I'm threatening and get me some fucking juice! The charge nurse educated the resident on appropriate communication with staff without use of curse words and yelling. The resident threatened to slap the charge nurse and a code green was called. Staff were not able to redirect the resident, and staff administered PRN medication to address.</p> <p>Review of the resident's record showed no documentation staff attempted to identify the root cause of the resident's behavior and implement interventions to address the resident's verbal aggression and threats of physical aggression towards other residents.</p> <p>Review of the reside [TRUNCATED]</p>
