NAME OF PROVIDER OR SUPPLIER Birch Healthcare Center		STREET ADDRESS, CITY, STATE, ZIP CODE 62 Rochester Hill Road Rochester, NH 03867	

For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
<p>F 0550</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Honor the resident's right to a dignified existence, self-determination, communication, and to exercise his or her rights.</p> <p>37488</p> <p>Based on interview and record review, it was determined that the facility failed to ensure that a resident's right to leave the nursing home for activities was protected for 1 of 2 residents reviewed for resident rights. (Resident identifier is #2.)</p> <p>Findings include:</p> <p>Review on 9/15/22 of Resident #2's active physician orders revealed an order dated 8/29/22 that stated No LOA [Leave of Absence] allowed for patient safety at this time.</p> <p>Review on 9/15/22 of Resident #2's medical record revealed that Resident #2's daughter was the appointed guardian over Resident #2.</p> <p>Interview on 9/15/22 at approximately 1:50 p.m. with Staff C (Director of Nursing) confirmed that Staff E (Medical Director) had written an order that stated Resident #2 could not go on LOA from the facility. Staff C stated that there was no communication with Resident #2's guardian about Resident #2 not being allowed to go on LOA with the guardian or family.</p> <p>Interview on 9/15/22 at approximately 4:20 p.m. with Resident #2 revealed that Resident #2 verbalized that she/he was very involved with family and was very appreciative that they took Resident #2 out for visits. Resident #2 stated that she/he misses going out with family and started crying.</p> <p>Interview on 9/19/22 at approximately 9:18 a.m. with Resident #2's guardian revealed that Resident #2 informed the family that Staff E wrote an order stating that Resident #2 was not allowed to go on LOA related to safety concerns. Resident #2's guardian stated they provide a safe environment when Resident #2 visits. Resident #2's guardian confirmed that she/he was not notified of this order by the facility or by Staff E.</p> <p>Interview on 9/16/22 at approximately 11:30 a.m. with Staff E confirmed the above mentioned physician order was written by Staff E for safety concerns. Staff E stated that he/she has not discussed the above mentioned physician order with Resident #2's guardian.</p>

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

<p>F 0609</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Timely report suspected abuse, neglect, or theft and report the results of the investigation to proper authorities.</p> <p>43408</p> <p>Based on interview and record review, it was determined that the facility failed to ensure that alleged violations of abuse were reported to the State Survey Agency within 24 hours for 2 of 3 residents reviewed for abuse. (Resident identifiers are #1, and #2.)</p> <p>Findings include:</p> <p>Resident #1</p> <p>Review on 9/15/22 at approximately 10:00 a.m. of Resident #1's nursing notes revealed the following:</p> <p>On 8/18/22 at 1:21 a.m. Resident heard yelling from room for help, unwitnessed fall, Resident was found down on the bathroom floor without injury. Transferred from floor to WC [wheelchair] to bed without incident. Resident comfortable.</p> <p>On 8/18/22 at 4:30 a.m. Post unwitnessed fall earlier this am [morning], Resident c/o [complained of] discomfort over 3 hours, progressively worsening, also c/o testicular pain that had also started after [pronoun omitted] unwitnessed fall. Resident discussed going to hospital for evaluation and possible treatment. Resident and this nurse agree. EMS [Emergency Medical Services] dispatched and resident transported to [facility name omitted] with no further incident .</p> <p>Interview on 9/15/22 at approximately 12:00 p.m. with Staff A (nurse) revealed that Resident #1 had fallen on 8/8/22 as well as 8/18/22. Staff A stated that on 8/18/22 Resident #1 was found in the bathroom on the floor, nothing abnormal was noted with a visual assessment for injury and proceeded to get other staff to assist with getting Resident #1 off the floor and back to bed. Staff A did not recall if the provider was notified at the time of the fall. Staff A also stated that they had gone back into check on Resident #1 noted the pain, administered Acetaminophen and when they went back to check effectiveness they noted Resident #1 was still in pain and that is when they called to have Resident #1 transported to the hospital and notified the family. Interview with Staff A also revealed that the on 8/8/22, Staff A found Resident #1 on the floor by the bed unresponsive and what appeared to be foam coming out of their mouth. Staff A called 911 and had Resident #1 sent to the hospital. Staff A stated they did not notify the provider as they were not aware they needed to do so until later.</p> <p>Review on 9/16/22 at approximately 10:00 a.m. of the Physical therapy assessment summary documented on 8/18/22 revealed .Nursing reported pt [patient] experienced unwitnessed fall morning of 8/18/22 and was transferred to hospital for further evaluation. Pt [patient] was admitted to hospital due to LE [lower extremity] fracture per nsg [nursing] f/u [follow up] late AM [morning].</p> <p>Interview on 9/16/22 at approximately 11:00 a.m. with Staff C (Director of Nursing) stated that no reports to the State Survey Agency were completed for Resident #1.</p> <p>Resident #2</p> <p>(continued on next page)</p>

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
<p>F 0609</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Review on 9/15/22 of Resident #2's podiatry note dated 8/18/22 revealed that Resident #2's right hallux had mild edema (swelling), erythema (redness) along distal half of digit, positive tenderness with palpation especially along distal tip of toe, no open lesions, positive calor was noted on right great toe. Further review of the podiatry note revealed a recommendation to X-Ray right foot in the following views: AP [Anteroposterior], Lateral, Oblique of right foot and Up-close of Right great toe in AP and Lateral view; Obtain X-Ray report.</p> <p>Review on 9/15/22 of Resident #2's medical record revealed a radiology results report dated 8/19/22 that revealed an acute fracture involving the right 5th proximal phalanx with minimal displacement.</p> <p>Interview on 9/15/22 at approximately 1:50 p.m. with Staff C (Director of Nursing) confirmed the above findings. Staff C stated that the above mentioned fracture was an injury of unknown origin. Staff C also stated that this injury of unknown origin was not reported to the LTC (Long Term Care) Ombudsman and Survey State Agency.</p> <p>Review on 9/16/22 of facility policy titled Compliance with Reporting Allegations of Abuse/Neglect/Exploitation, revised on 8/1/22, revealed .4. Identification: The facility will identify events, occurrences, patterns and trends that may constitute: a. Neglect: Failure of the facility, its employees or service providers to provide goods and services to a resident that are necessary to avoid physical harm, pain, mental anguish, or emotional distress. B. Abuse: .d. injuries of unknown source: includes circumstances when both the following conditions are met; i. The source of the injury was not observed by any person or could not be explained by the resident. ii. The injury is suspicious because of the extent of the injury, location of injury, the number of injuries observed at one particular point in time, or the incidence of injuries over time .8. Reporting/Response: The facility will report all alleged violations and all substantiated incidents to the state agency and to all other agencies as required, and take all necessary corrective actions depending on the results of the investigation. The facility will analyze the occurrences to determine what changes are needed, if any, to policies and procedures to prevent further occurrences .2. The Director of Nursing Services, Administrator, or designee will: a. Notify the appropriate agencies immediately: as soon as possible, but no later than 24 hours after discovery of the incident. In the case of serious bodily injury, no later than 2 hours after the discovery or forming the suspicion .3. The Administrator should follow up with government agencies, during business hours, to confirm the report was received and to report the results of the investigation when final as required by state agencies .</p>

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
<p>F 0655</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Create and put into place a plan for meeting the resident's most immediate needs within 48 hours of being admitted</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 43408</p> <p>Based on record review and interview, it was determined that the facility failed to develop and implement a baseline care plan for 1 of 6 residents reviewed for falls. (Resident identifier is #1.)</p> <p>Findings include:</p> <p>Review on 9/15/22 at approximately 10:00 a.m. of Resident #1's medical record revealed that Resident #1 had been initially admitted to the facility on [DATE] and then discharged to the hospital on 8/8/22, readmitted back to facility on 8/16/22 and discharged to the hospital on 8/18/22. Further review of Resident #1's medical record revealed a nursing note that dated 8/18/22 at 1:21 a.m. revealed Resident heard yelling from room for help, unwitnessed fall, Resident was found down on the bathroom floor without injury. Transferred from floor to WC [wheelchair] to bed without incident. Resident comfortable.</p> <p>Interview on 9/15/22 at approximately 12:00 p.m. with Staff A (nurse) revealed that Resident #1 had fallen at the facility on 8/8/22 and 8/18/22, where Resident #1 was discharged to the hospital on both occasions.</p> <p>Review on 9/15/22 of Resident #1's active care plan revealed the only care plans in place were for Diagnosis COPD (chronic obstructive pulmonary disease) / CHF (congestive heart failure) and for emotional state. Further review of the care plan revealed no fall care plan was implemented within 48 hours of Resident #1's initial admission on 8/5/22 and readmission on 8/16/22.</p> <p>Review on 9/16/22 at approximately 11:00 a.m. of Resident #1's Physical Therapy note dated 8/7/22 revealed that .Pt [patient] cooperative during session but poor initiation of requesting staff for transfers in room despite demonstrating I [independence] with call bell use; appears to have dec [decreased] insight into fall risk. PT [physical therapist] updated nursing on pt [patient] transfer status for CGa [contact guard assist][with rw [rolling walker] in room .</p> <p>Review on 9/16/22 of Resident #1's Physical Therapy note dated 8/16/22, revealed that .presenting for [pronoun omitted] skilled rehab [facility name omitted] as [pronoun omitted] was found on the floor . Further review of Physical Therapy notes revealed an entry on 8/16/22 PT [Physical Therapist] assessed pt [patient] for and issued loaner rw [rolling walker] for use with transfers with LNA's [Licensed Nursing Assistants]. Pt [Physical Therapist] initiated pt [patient] education on use of call bell placed within [pronoun omitted] reach; pt [patient] able to verbalize and demonstrate how to use but showed poor carryover with use of call bell to request staff A [assistance] for mobilization to toilet as PT [Physical Therapist] returned to room to issue cushion 1 hr [hour] after eval and observed pt [patient] seated in bathroom on toilet with unlocked wc [wheelchair] by his side no call bell activated. PT [Physical Therapist] educated pt [patient] on plan to trial signage in room to assist pt [patient] with recall of importance to request staff assist for all transfers; 3-11 LNA [Licensed Nursing Assistant] and nurse were updated by PT [Physical Therapist] on recommended transfer status, supervised dining in DR [dining room] as well as high falls risk and need for frequent checks during pm [evening] .</p> <p>(continued on next page)</p>

<p>F 0689</p> <p>Level of Harm - Immediate jeopardy to resident health or safety</p> <p>Residents Affected - Few</p>	<p>Interview on 9/15/22 at approximately 12:00 p.m. with Staff A (nurse) revealed that Resident #1 had fallen at the facility on 8/8/22 and 8/18/22. Staff A stated that on 8/18/22 Resident #1 was found in the bathroom on the floor, nothing abnormal was noted with a visual assessment for injury and proceeded to get other staff to assist with getting Resident #1 off the floor and back to bed. Staff A did not recall if the provider was notified at the time of the fall. Staff A also stated that they had gone back into check on Resident #1 noted the pain, administered Acetaminophen and when they went back to check effectiveness they noted Resident #1 was still in pain and that is when they called to have Resident #1 transported to the hospital and notified the family. Further interview with Staff A revealed that on 8/8/22, Staff A found Resident #1 on the floor by bed unresponsive and observed what appeared to be foam coming out of their mouth. Staff A called 911 and had Resident #1 sent to the hospital. Staff A stated they did not notify the provider as they were not aware they needed to do so until later.</p> <p>Review on 9/15/22 of Resident #1's medical record revealed the following:</p> <ul style="list-style-type: none"> -Census report revealed that Resident #1's initial admission to facility on 8/5/22, -No documentation of a fall risk assessment for Resident #1 on admission, -Resident #1's hospital discharge summary dated 8/5/22 revealed that Resident #1 was admitted to hospital from home with septic shock, ambulatory status was severely limited due to decreased strength and endurance. -Physical therapy notes dated 8/7/22 revealed that Resident #1 had poor initiation of requesting staff for transfers in room despite demonstrating independence with call bell use. Resident #1 appeared to have decreased insight into fall risk. And that physical therapy updated nursing on Resident #1's transfer status for contact guard assist with rolling walker in room. -No documentation of Resident #1 found on floor unresponsive and was sent to hospital on 8/8/22, -No documentation of Resident #1 fall assessments, vital signs, and neurological assessments for 8/8/22 incident, -Census report revealed that Resident #1 was discharged out of the facility on 8/8/22, -Census report revealed that Resident #1 was readmitted to the facility on [DATE], -Resident #1's hospital discharge summary dated 8/16/22 revealed that reason for 8/8/22 admission to hospital was septic shock and acute metabolic encephalopathy, -Resident #1's Morse Fall Scale dated 8/16/22 revealed that Resident #1 has history of falls, Resident #1 required cane or walker for ambulation, Resident #1 exhibited weak gait, Resident #1 was forgetful of own safety limits, -Physical therapy note dated 8/16/22 revealed that nurses were updated by physical therapist on recommended transfer status as well as high fall risk and need for frequent checks during evening. -Nurse's notes revealed that Resident #1 was found on floor on 8/18/22 as mentioned above, <p>(continued on next page)</p>
