F 0760 Level of Harm - Immediate jeopardy to resident health or safety	Review of the hospital paperwork reveals an emergency department provider note dated 10/14/2022 at 6:30 PM which states in part, .Patient was admitted to intermediate level of care. However, while awaiting a bed, patient became more lethargic and sedated. Sats [oxygen saturation] dropped to high 60's. Patient was intubated for airway protection . The resident was then transferred to a medical intensive care unit.				
Residents Affected - Few	During a surveyor interview on 10/20/2022 at 10:46 AM with Certified Medication Technician (CMT), Staff A, in the presence of the acting Director of Nursing Services, she revealed she was distracted and administered the wrong morning medications to the resident on 10/14/2022.				
	During an interview with the Administrator and acting Director of Nursing Services on 10/19/2022 at 2:00 PM, they revealed the CMT administered the wrong medications to the resident. They further revealed, the CMT failed to verify the right medications and the right resident.				
	landa to romy the right medications	o and the right resident.

F 0842 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	Safeguard resident-identifiable information and/or maintain medical records on each resident that are in accordance with accepted professional standards. 46240 Based on record review and staff interview, it has been determined that the facility failed to ensure that the			
	Based on record review and staff interview, it has been determined that the facility lailed to ensure that the medical records for each resident are maintained in accordance with professional standards and practices regarding accurate documentation for 2 of 6 residents reviewed, Resident ID #s 1 and 2. Findings are as follows: 1. Record review revealed Resident ID #1 was admitted to the facility in February of 2022 with diagnoses including, but not limited to, type 2 diabetes mellitus (chronic disease that impairs the way the body regulat and uses sugar] with diabetic chronic kidney disease, muscle weakness, and history of falling. Further record review revealed the resident was discharged from the facility on 10/14/2022. Record review revealed a weekly skin assessment completed and dated 10/15/2022 at 2:23 PM. Record review revealed a COVID-19 symptom screening completed and dated 10/15/2022 at 7:43 AM. 2. Record review revealed Resident ID #2 was admitted to the facility in July of 2022 with diagnoses including, but not limited to, acute and chronic respiratory failure, and muscle weakness. Further record review revealed the resident was discharged from the facility on 10/14/2022. Record review revealed a COVID-19 symptom screening completed on the following dates and times: -10/15/2022 at 12:53 AM -10/15/2022 at 12:53 PM. During a surveyor interview on 10/19/2022 at 2:00 PM with the Administrator and the acting Director of Nursing Services, they were unable to explain why staff documented the above-mentioned assessments for Resident ID #s 1 and 2 as completed after they were discharged from the facility.
