<p>F 0600</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Review of Resident #6's comprehensive care plan dated 10/25/2022, showed .The resident has alteration in neurological status r/t [related to] idiopathic normal hydrocephalus .Interventions .Cueing, reorientation as needed .</p> <p>Review of the facility's investigation documentation, a witness statement by CNA #9 showed, .At approximately 7pm while heading down 100 hallway, I heard yelling coming from a pt [patient] room. Once I entered the room I saw [Resident #6] lying in bed undressed from the waist down and masturbating while holding roommate [Resident #5's] arm with [Resident #5] hitting [Resident #6] in attempt to free himself from [Resident #5's] grasp.</p> <p>Review of Resident #6's progress note dated 11/5/2022 at 3:41 PM, showed .The resident is disoriented and confused .is oriented to time .place .makes own decisions .Behaviors .makes negative statements . Behaviors are not new .</p> <p>Review of Resident #6's progress note dated 11/5/2022 at 7:00 PM, showed .CNA entered room and found that resident was masturbating with right hand and was holding another resident [roommate, Resident #5] by the arm. The other resident [Resident #5] was trying to get him to let go and was smacking him .</p> <p>During an interview on 1/10/2023 at 9:23 AM, Resident #5 was unable to complete an interview due to moderate cognitive impairment.</p> <p>During an interview on 1/10/2023 at 10:58 AM, the Director of Nursing (DON) stated she was notified of an altercation between Resident #5 and Resident #6 (roommates). The DON stated Resident #5 rolled to Resident #6's bedside while Resident #6 was masturbating. Resident #6 had grabbed Resident #5's arm, Resident #5 was hitting Resident #6's arm as to release his grip and voiced Let go. The CNA's separated the residents. The DON confirmed Resident #5 was in arms reach and was grabbed by Resident #6. No injury was observed to the residents.</p> <p>During an interview on 1/10/2023 at 12:34 PM, CNA #9 stated she heard yelling, went into Resident #5 and Resident #6's room, found Resident #6 holding Resident #5's arm, and Resident #5 was hitting Resident #6's arm to get free from his grasp. CNA #9 stated with the help of another CNA, they were able to separate the residents and relocate Resident #5 to another room.</p> <p>During an interview on 1/10/2023 at 3:21 PM, the Administrator confirmed Resident #6 had Resident #5's arm in his grasp and Resident #5 was hitting Resident #6's arm to get free. The Administrator stated .unsure of what Resident #6's intent was when he grabbed Resident #5 by the arm .but it did happen .</p> <p>40606</p>

<p>F 0867</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Some</p>	<p>Set up an ongoing quality assessment and assurance group to review quality deficiencies and develop corrective plans of action.</p> <p>38810</p> <p>Based on the review of the facility policy, review of facility documentation, and interview, the facility failed to take action aimed at performance improvement, to measure the success of the intervention, and track performance to ensure improvements after identifying insufficient staffing needs in the facility. The facility failed to identify care needs had not been provided including showers and baths, incontinence care, and cleanliness for 33 dependent residents (#9, #10, #13, #14, #20, #22, #26, #28, #31, #36, #37, #40, #41, #1, #2, #5, #12, #15, #16, #17, #18, #19, #21, #23, #24, #25, #27, #30, #32, #33, #34, #38, and #39) of 64 residents reviewed for care needs. The facility's failure resulted in psychosocial harm to 14 residents (#9, #10, #13, #14, #20, #22, #26, #28, #31, #36, #37, #40, and #41).</p> <p>The findings include:</p> <p>Review of the facility policy, titled Quality Assurance and Performance Improvement (QAPI) Program, revised 2/2020, showed .This facility shall develop, implement, and maintain an ongoing .QAPI Program that is focused on .care and quality of life for our residents .The QAPI plan describes the process for identifying and correcting quality deficiencies .Identifying and prioritizing quality deficiencies .Systematically analyzing underlying causes of systemic quality deficiencies .Developing and implementing corrective action . Monitoring or evaluating the effectiveness of corrective action .and revising as needed .</p> <p>During an interview on 1/10/2023 at 3:38 PM, the former Social Service Director (SSD) stated she had multiple residents complain they had not received a shower.They wanted a shower .I let the nurse know .I know [Resident #25 and Resident #26] has requested a shower .One told me she would like to get her hair washed but can't think of her name .[Resident #26's daughter] has mentioned she didn't feel like they [the residents] were getting showered . The former SSD stated she had notified the Administrator and the DON of Resident #26's daughter and the residents' complaints.</p> <p>During an interview on 1/11/2023 at 10:57 AM, the Nurse Practitioner (NP) stated the residents had complained about not getting showers and she had noticed residents being more unkempt. The NP stated she had notified the Administration of the facility (date of notification was not specified).</p> <p>During an interview on 2/6/2023 at 4:29 AM, Certified Nursing Assistant (CNA) #12 stated the CNAs were unable to complete the scheduled showers and she had reported to the charge nurse when she was unable to provide the showers.</p> <p>During an interview on 2/6/2023 at 5:05 AM, Licensed Practical Nurse (LPN) #4 stated she had noticed a month or so ago, the resident showers were not being completed for 3-4 weeks on the night shift and she reported the concerns to Registered Nurse (RN) #4.</p> <p>During an interview on 2/6/2023 at 5:13 AM, RN #4 stated the showers had not been provided .not enough staff . The RN stated she had reported her concerns to the Director of Nursing (DON) .about a month ago .</p> <p>(continued on next page)</p>

<p>F 0867</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Some</p>	<p>During an interview on 2/7/2023 at 8:42 AM, LPN #9 stated the facility did not have enough staff to care for the residents. Multiple residents had complained the showers were not given, incontinence care was not provided timely, and it had been reported to RN #1.</p> <p>During an interview on 2/7/2023 at 9:28 AM, CNA #15 stated on 2/3/2023 when she arrived on shift, Residents #10 and Resident #32 were saturated with urine and she reported it to LPN #8.</p> <p>During an interview on 2/7/2023 at 9:54 AM, LPN #10 stated the night shift staff often report they were not able to provide the scheduled showers .too busy . and stated the night shift supervisor was aware.</p> <p>During an interview on 2/7/2023 at 10:30 AM, the Minimum Data Set (MDS) Coordinator stated after she had identified the activity of bathing had not occurred during the MDS assessments on several of the residents and she notified the DON. The MDS Coordinator stated she informed the DON the showers had not been documented.</p> <p>During an interview on 2/7/2023 at 1:34 PM, CNA #8 stated when the facility was short staffed .we can't get showers done . The CNA stated she had reported residents not receiving showers to the supervisor (date unknown).</p> <p>During an interview on 2/8/2023 at 9:30 AM, the district Ombudsman stated she had concerns related to multiple residents not receiving scheduled showers. She also stated she had reported the concerns to the Administrator and the DON on 8/4/2022. The Ombudsman also stated she had several follow up conversations and emails with the Administrator and the DON related to the residents bathing schedule concerns. The Ombudsman stated the concerns had not been resolved and was .dismayed to be told by the residents it was still an issue . The Ombudsman provided emailed documentation which showed the concerns were discussed on 10/28/2022, 11/4/2022, and 11/15/2022.</p> <p>During an interview on 2/8/2023 at 1:35 PM, the Medical Director stated the previous administration and the previous DON .made a big deal with corporate that I had harassed the nurses because I had asked for the residents to get the showers .we [facility current QAPI members] had monthly QAPI meetings and discussed showers not being given .night shift should help with the shower burden .the problems have been discussed . The Medical Director stated 2 things happened which attributed to the showers not being provided, and stated it was related to the natural flow of things with the change in administration, and implementation of a system.</p> <p>During an interview on 2/9/2023 at 4:00 PM, the DON stated there was enough staff to meet the needs of the residents due to the number of nurses on each shift and incontinence care should be provided every 3 hours and as needed. She also stated she was not aware of the extent of the problems with showers until about 2 weeks ago when surveyors entered the building on 1/9/2023. The DON further stated she and the Administrator had met with the Ombudsman (did not give an exact date) about concerns related to the showers for Resident #2 and Resident #13. The DON stated it was a lack of shower documentation, she had interviewed the residents (#2 and #13) and .they did not have problems . The DON further stated she had not interviewed additional residents to determine if showers had been provided. She also stated the Medical Director and the NP had not reported a problem or issues with the resident showers .it was never brought up .</p> <p>(continued on next page)</p>

<p>F 0867</p> <p>Level of Harm - Actual harm</p> <p>Residents Affected - Some</p>	<p>During an interview on 2/9/2023 at 4:00 PM, the Administrator stated he was not aware the residents had not received the showers as scheduled for weeks or days at a time until .this very moment [2/9/2023] .not aware of the extent of the problems with showers and timely incontinence care . The Administrator stated the residents, nor the staff had reported concerns related to showers or incontinence care. He also stated he and the DON had met with the Ombudsman (did not give an exact date) about her concerns related to the showers for Resident #2 and Resident #13. The Administrator confirmed residents at the facility had not received the showers .like they [residents] wanted .or like they were supposed to .residents should be changed every 2 hours . He also stated the showers needed to be addressed and there was a Performance Improvement Plan (PIP) in place. The Administrator stated the Medical Director and the NP had not reported a problem or issues with the resident showers.</p> <p>Review of the PIP dated 12/2022 showed the facility identified concerns related to the documentation of bathing. Continued review showed the PIP had not identified the actual activities of bathing had not occurred.</p> <p>Refer to tags F-656, F-677, and F-725</p>
