F 0610 Level of Harm - Immediate jeopardy to resident health or safety Residents Affected - Few	Respond appropriately to all alleged violations. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 34153 Based on policy review, review of the Director of Nursing (DON) job description, facility investigation review, medical record review, observation, and interview, the facility failed to complete a thorough investigation of an elopement incident for 1 of 6 (Resident #2) sampled residents reviewed for accidents and elopement risk, when Resident #2 exited the facility without staff knowledge or supervision. The facility failed to initiate a thorough investigation of a missing resident incident for 1 of 6 (Resident #1) sampled residents reviewed for accidents, when Resident #1 was missing for an undetermined amount of time and was found in a locked lobby bathroom of the facility. The facility's failure to thoroughly investigate incidents resulted in Immediate Jeopardy when the facility failed to thoroughly investigate the elopement of Resident #2 and the missing person of Resident #1. Immediate Jeopardy (IJ) is a situation in which the provider's noncompliance with one or more requirements of participation has caused, or is likely to cause serious injury, harm, impairment, or death to a resident. The Administrator, Director of Nursing (DON) and the Clinical Operating Officer (COO) were notified of the Immediate Jeopardy for F-610 on 10/13/2022 at 5:10 PM. The facility was cited at F-610 at a scope and a severity of J which is Substandard Quality of Care. The Immediate Jeopardy existed from 9/13/2022 and is ongoing. The findings include: 1. Review of the facility's ELOPEMENT OF RESIDENT POLICY, reviewed 11/21/2021, revealed, .standard of this Health Care Center that appropriate procedures exist in the case of a missing resident .should an employee discover that a resident is missing .Determine time and location when last seen .Once the Resident is Located .the charge nurse will document the incident in the resident's medical record including times (time discovered, time of contacts) .The resident will be assessed by the M.D. [Medical Director] .The charge nurse will complete an Incident Report .The Administrator/Director of Nursing Services will notify the Department of Health .A complete and thorough root-cause analysis .should be done to prevent recurrences, to ensure policies, and procedures and systems are effective, and to protect other residents . F 0610 Level of Harm - Immediate jeopardy to resident health or safety Residents Affected - Few	Review of the facility's timeline summary and investigation revealed, .10/2/2022 at 4:43 pm Resident #2 was sitting at front lobby screening table with Resident #6 (wander, elopement risk, wander guard resident) unsupervised and not monitored .Resident #2 stands up at the front door entry exit and begins rocking and attempting to force the door nearest to the temperature machine open .Resident #2 exits the facility front/exit door and walks directly to the security officer's gray pick-up truck and sits in the passenger side of the truck. The Security Guard leaves Resident #2 in the truck unsupervised to go into building to get assistance. Review of the Elopement Evaluation dated 10/2/2022, revealed Resident #2 was assessed at a score of 3 indicating at risk for elopement. Resident #2 exhibits wandering behavior and utilizes an exit alarm (wander guard). Review of the revised care plan dated for Resident #2 dated 10/2/2022 revealed, resident one (1) on one (1) at this time, monitor location every shift, maintain wander guard bracelet per physician's orders and check placement every shift. There was missing documentation after 10/2/2022 that the wander guard bracelet was intact. During a telephone interview on 10/5/2022 at 4:15 PM, CNA #3 (agency staff) stated they had worked a double shift the day that Resident #2 eloped. CNA #3 stated when they exited the front door to go on break that Resident #2 was sitting near the front entrance door. CNA #3 stated when they came back to the facility from across the street the facility staff was at the security guard's truck taking Resident #2 back into the facility. CNA #3 stated, .I knew she [Resident #2] was a wanderer .I told the nurse earlier that day [Resident #2's] wander guard bracelet was on the wheelchair .the nurse looked at me as if I didn't need to say anything and the nurse didn't do anything about it . During an interview on 10/5/2022 at 4:15 PM revealed the Interim Administrator stated she reviewed the video footage for Resident #2's elopement but stated she did not save the video as part of an investigation. The Interim Administrator provided the survey team with a documented timeline based on her recollection of the video. The facility was unable to provide the team with video footage of the incident. During an interview on 10/5/2022 at 4:55 PM, the Security Guard stated, .she [Resident #2] was pushing on the entrance door to get out, the door opened, and came to the truck and said I want you to take me home . she got in the truck, put the seat belt on and I locked the truck .the front windows were down .told her I was going to tell the nurses I was going to take her home .went in the building to get assistance and they came and got her . During an interview on 10/6/22 at 3:19 PM, the Interim Administrator stated, .she got up from the wheelchair . pushed on the door and it opened .went straight to the security guard's truck that was parked at the front entrance . security guard secured her in the truck with the seat belt .security guard came in the building about 3-minutes .he returned to the truck .3 staff came out and brought the resident back in .she was not unsupervised because he was with her . The Interim Administrator was asked if the security guard a facility staff member. The Interim Administrator stated, .no, he is contracted .no, he is not our staff . The Interim Administrator confirmed Resident #2 was unsupervised while the security guard went into the building to get assistance. The Interim Administrator stated .yes .but it was only a few minutes . The Interim Administrator confirmed Resident #2 was sitting in the lobby unsupervised and staff was unaware. F 0610 Level of Harm - Immediate jeopardy to resident health or safety Residents Affected - Few	During a telephone interview on 10/5/2022 at 3:30 PM, CNA #2 stated, .I worked a double that day I was assigned rooms down from her [Resident #1] .hadn't see her that night walking in the hall .noticed the tray [supper] was still in the room and hadn't been touched .they checked to see if she was out to the hospital or signed out .called the Dr. Find code and everyone started looking for her .I looked around on the hall .I think a nurse found her .she [Resident #1] was pretty shook up she said she [Resident #1] was on the floor, she said water was coming in so she [Resident #1] put paper towels down on the floor, she [Resident #1] said she heard a man say he didn't have a key she [Resident #1] said she was in there for a while .the lobby bathroom door had been locked that night .unusual for her to be up .she's always in her room .she was pretty shook up she didn't want to be alone, I ended up sitting with her that night .she finally went to sleep .I did not write a statement . During an interview on 10/7/2022 at 10:37 AM, LPN #3 Unit Manager (UM) confirmed she was aware of a Dr Find code being called to find Resident #1 who was missing. LPN #3 UM stated, .discussed it in the morning meeting didn't consider it an incident .did not investigate . [Resident #1] refused to put on the wander guard . she said it was a tracking device .refused the UA [urinalysis] .and there was not a sitter with her that morning when I came to work .and was not monitored . During an interview on 10/7/2022 at 1:51 PM, with the Director of Nursing ((DON) previously the Assistant Director of Nursing) stated we talked about it [Resident #1] they were looking for her and they had called a Dr Find .[LPN #2] had told the [LPN #3 UM] what had happened .that she [Resident #1] had went to the [lobby] bathroom .under normal circumstances she could open the door .the Psychiatric Nurse Practitioner said something else was going on with her .uncertain if she could use the call light in that bathroom . The DON was asked when is a Dr Find code utilized and how often is it used to find residents? The DON stated, . is called after 15 minutes of looking for a resident .I did not think it was a true Dr Find . because of the time of what was reported . The facility was unable to provide documentation that an investigation was conducted for the incident of Resident #1, a vulnerable resident with a history of delusional thinking, Schizophrenia and bizarre thoughts, being found in a locked bathroom for an undetermined amount of time. The facility failed to determine the last time Resident #1 was seen in the facility prior to the resident becoming missing and failed to ensure Resident #1 was provided care in a safe environment.

F 0689 Level of Harm - Immediate jeopardy to resident health or safety Residents Affected - Few	Ensure that a nursing home area is free from accident hazards and provides adequate supervision to prevent accidents. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 34153 Based on policy review, facility investigation review, Quality Assurance and Performance Improvement (QAPI) Root Cause Analysis (RCA) Worksheet review, Life Safety Code, medical record review, observation, and interview, the facility failed to ensure appropriate supervision and a safe environment to prevent an incident of elopement for 1 of 5 (Resident #2) sampled residents reviewed for elopement and wandering behaviors. The facility failed to provide adequate supervision for a safe environment to prevent a missing resident incidents for 1 of 6 (Resident #1) sampled residents reviewed for incidents. The facility failed to ensure a safe environment that had the potential to affect all staff and all residents by re-programming the front entrance/exit door emergency delay egress (door exit bar) from 15 seconds to 50 seconds. The facility's failure to ensure a safe environment to prevent elopements resulted in Immediate Jeopardy (IJ) when Resident #2 a vulnerable cognitively impaired resident at risk for elopement and wandering was left unsupervised in the front lobby, exited the facility without authorization or staff supervision through the facility's front door. Resident #2 was discovered approximately 44 feet from the front door, sitting in a security guard truck. The facility's staff was unaware Resident #2 had exited the building until a security guard went back into the building to notify the staff, leaving Resident #2 in the truck unattended and unsupervised. Resident #2 was wearing a wander guard bracelet (a monitoring device to alert staff of a resident attempting to exit the facility unattended), exited the facility without authorization or staff supervision by applying pressure to the front entrance/exit door until it opened. The facility's failure to ensure appropriate supervision and a safe environment resulted in Immediate Jeopardy (IJ) when Resident #1, a vulnerable cognitively impaired resident was missing for an undetermined amount of time and was later found in a locked lobby bathroom. The facility's failure to ensure a safe environment resulted in Immediate Jeopardy (IJ) when the front entrance/exit door push pressure emergency opening was reprogrammed from the approved 15 seconds to an unapproved 50 seconds, this had the potential to affect all staff and residents. Reprograming a delayed release (door exit bar) from greater than 30 seconds without prior approval is a violation of Life Safety Codes National Fire Protection Association (NFPA)101, 19.2.2.2.4 (2) 2012 Edition and NFPA 101, 7.2.1.6.1.1 (3) 2012 Edition. Immediate Jeopardy (IJ) is a situation in which the provider's noncompliance with one or more requirements of participation has caused, or is likely to cause, serious injury, harm, impairment, or death to a resident. The Administrator, Director of Nursing (DON) and Chief Operating Officer (COO) were notified of the Immediate Jeopardy on 10/13/2022 at 5:10 PM. The facility was cited Immediate Jeopardy at F-689. F 0689 Level of Harm - Immediate jeopardy to resident health or safety Residents Affected - Few	During an telephone interview on 10/5/2022 at 4:15 PM, CNA #3 stated, .I am agency staff and I worked a double that day .I left to go on break .[Resident #2] was sitting at the front entrance near the entrance door beside where they take temperatures .I went out the door she was still sitting there .when I came back from across the street staff was outside at the security guard's truck taking her back in the facility .I have worked with her before .I knew she was a wanderer .I told the nurse earlier that day [Resident #2's] wander guard bracelet was on the wheelchair .the nurse looked at me as if I didn't need to say anything and the nurse didn't do anything about it . During an interview on 10/5/2022 at 4:55 PM, the Security Guard stated, .she [Resident #2] was pushing on the entrance door to get out, the door opened, and came to the truck and said I want you to take me home. I told her to hop in .she got in the truck, put the seat belt on and I locked the truck .the front windows were down .told her I was going to tell the nurses I was going to take her home .went in the building to get assistance and they came and got her . During an interview on 10/6/22 at 3:19 PM, the Interim Administrator stated, .she got up from the wheelchair . pushed on the door and it opened .went straight to the security guard's truck that was parked at the front entrance .got in on the passenger side .security guard secured her in the truck with the seat belt .security guard came in the building about 3-minutes .he [Security Guard] returned to the truck .3 staff came out and brought the resident back in .she was not unsupervised because he was with her . The Interim Administrator was asked if the security guard a facility staff member. The Interim Administrator stated, .no, he is contracted .no, he is not our staff . The Interim Administrator confirmed Resident #2 was unsupervised while the security guard went into the building to get assistance. The Interim Administrator stated .yes .but it was only a few minutes . The Interim Administrator confirmed Resident #2 was sitting in the lobby unsupervised and staff were unaware. The Interim Administrator confirmed Resident #6 (at risk for wandering, elopement, and had a wander guard) was in the lobby unsupervised and staff were unaware. The Interim Administrator stated, . yes, the other resident [Resident #6] sitting in the lobby near the receptionist window, then she left the area leaving [Resident #2] sitting by the temperature stand at the table near the front entrance door .no staff was in the lobby . The Interim Administrator was asked if facility staff were aware that Resident #2 and Resident #6 were at risk for wandering, elopement and had a wander guard. The Interim Administrator stated, .yes, and staff did not take [Resident #2] back to her room .no .this is their home and it's their right to sit in the lobby and watch TV . The Interim Administrator was asked should 2 wandering elopement risk residents wearing wander guards be sitting in the lobby unsupervised and without staff. The Interim Administrator did not answer. During a telephone interview on 10/7/2022 at 1:30 PM, CNA #4 stated .I am agency staff .have only worked at facility a few times .My assignment was changed an hour and half into the shift .did not get report from anyone .I checked my room assignment and [Resident #2] was not in the bed or room .I assumed she was gone to the hospital .did not see [Resident #2] until she was being escorted to her room .the nurse informed me that was [Resident #2] was my resident. I took her in her room and to the bathroom, it was around supper time .Did not get any orientation or information about [Resident #2] or any other residents being wanderers .I did not provide 1 to 1 observation after the incident. I did not provide 15-30 minutes checks for [Resident #2] . I checked on during my rounds that night but not 15-30-minute checks .no one told me to do any safety checks .I left when shift ended .I did not write a statement, and none has called me from the facility about writing a statement .
